

E-NEWS

YourEncore News

Happy New Year! This coming year promises to be another great year for our Experts and Member Companies. We have a number of new initiatives in place and are working with new companies to provide more project opportunities for you.

The Expert Network

YourEncore will begin a network refresh initiative in January. Selected Experts may receive an email or letter asking for confirmation of interest in remaining in the YourEncore Network. A lot can change over the years and we would like to touch base with you to make sure you are still seeking short-term assignments through YourEncore. In order to determine your interest, please respond to our communication accordingly.

Refresh your resume!

A part of the network refresh is to make sure we have the most current information for our Experts. Please make sure you have added all your experiences to your resume and submitted an updated resume to our Staffing Department. Please take a few minutes to review your current resume and add any new projects or work you have done since you enrolled. YourEncore searches for talent based on the resumes you provide, so make sure to include any specific training or unique skills you possess. Please send updated resumes to Staffing@YourEncore.com and make sure to include your full name in the email. Here is an outline of what we are looking for in a resume.

YourEncore and You

YourEncore will be sending out a survey in the next few weeks to find out more about your preferences and motivation for working with YourEncore. We would like to understand more about your experience with YourEncore and what you would like to see in the future. The survey
